

**sempermed®**   
YOUR GLOBAL GLOVE EXPERT

SURGICAL GLOVES  
TODAY FOR TOMORROW

# SEMPERMED

Sempermed's new mark for sustainably produced, top quality surgical gloves from Austria.

## Clear. Understandable. Truthful.

The established production process remains the same, but we have now developed the quality seal: "Sustainably Manufactured in Europe" so that our customers can be certain, with just one glance, that our highest demands for safety and sustainable European production are fulfilled. The quality seal is being phased onto the packaging of all our "Made in Austria" surgical gloves through to 2018.

## This seal represents our promise of ...

- ... sustainably produced, skin-friendly gloves
- ... stringent quality controls for optimal safety
- ... reliability of compliance with European standards
- ... the use of renewable energies in glove production
- ... innovative manufacturing processes for products "Made in Austria"

## FOR A GOOD FEELING WHEN SELECTING GLOVES.
