

Who We Are

Sempermed serves as both your global glove expert and a true manufacturer of your hand protection products. With over 100 years of experience in glove production, we remain committed to supplying quality medical and industrial gloves to our customers. We leverage the latest manufacturing technology to continuously develop and test products designed to better serve the needs of our customers. As a leading disposable glove supplier, Sempermed strives to deliver safe, reliable, and quality hand protection. Always.
