ACQUISITION BY HARPS Global PTE. Ltd.

Joining forces to becoming an Infection Prevention and Protection Leader.

Semperguard gloves are certified as Personal Protective Equipment according to PPE Regulation (EU) 2016/425, and most are also CE Class I medical devices under the Medical Device Regulation (EU) 2017/745.

Certified hand protection

With over 100 years of expertise, we produce high-quality disposable protective gloves tailored to the needs of diverse industries. In laboratories, our gloves deliver an

ideal balance of comfort and reliable chemical protection.* For pharmaceutical applications, our skin-friendly nitrile gloves ensure enhanced tactile sensitivity while reducing allergy risks through innovative, latex-free manufacturing. Food handling is simplified with gloves that meet HACCP standards and are available in practical, color-coded options. Industrial tasks are made safer with gloves designed for splash resistance, chemical protection, and precision work. For cleaning services, our gloves offer robust protection against various substances, ease of donning, and good value for money.
